**Please write at least two sentences for each question.**

1. Which math topic do you feel is your best? Why?

any topic is good for me when my brain decides to work but my favorite would have to be anything that involves pie.

2. Which math topic do you feel is your worst? Why?

i don't like most things with division since i feel like it takes to much out of me because some of the fomulas take long to give you the answer

3. What two or three things would you change about our math class?  
(You may not say "Too much homework." Sorry!)

i don't have any complaints in this class its just a bit boring sometimes but that's just school in total

4. Which topics did we spend too much time on?

i am bad with time but maybe probability

5. Which topics did we spend too little time on?

i dont remember the name of the sujet but it was the 2nd semester

6. What are two or three things that you would suggest to improve our math class? Do you have any ideas that could make math class more interesting?

more events wouldn't hurt kahoot is nice but maybe some cooler worksheets like that one paycheck worksheet i think was really nice

7. Do you have any other comments or suggestions for me?

no
