**Procedure:**

1. Cut Slit A, B, and C in your land mass paper. Look at the picture!
2. Color each vertical band various colors.
3. Cut on the dashed lines.
4. Lay one strip on top of the other, colored sides facing each other.
5. Tape or staple the side labeled "end".
6. Insert the strips into your construction paper.
7. Answer the questions on the back of these directions
8. Glue your answers to the back on your model.
