To Whom It May Concern,

Jeffrey Morse and I have been acquainted with each other for about twenty years. In 2004 through 2006 Jeff worked for me in my contracting business, Christian Ready Construction, (CL #843669) doing general carpentry, painting, electrical work, maintenance on my trucks, trailers and equipment, and repairs on appliances and HVAC. After I closed my business and went full time in the ministry, Jeffrey served as a volunteer at our church, Praise Chapel Christian Fellowship (398 Aylor Ave. Yuba City) in various ministries, developing our audio/visual and computer ministries, he started and developed volunteers for our coffee shop and café, he served in the music ministry as both musician, worship leader and sound technician.

Although Jeffrey attends a different church now, we have remained very good friends and he has assisted me in many projects as a subcontractor and consultant concerning the church, my contracting business and the rental properties I own.

Jeffrey is a multi-talented with strong mechanical and problem solving skills. He is the type of employee that will "do whatever it takes to get the job done." I know that he will be an asset in any position that you are seeking to fill.

Please do not hesitate to call me about any further information that you need about his past work history or skills.
