   D2                    Gmaj7
I know you came, You came and died for me
      D2                    Gmaj7
You shed Your blood to set this sinner free
      Em7       D/F#                  G2
The shame, the guilt, the pain, deepest hurt, despair
      Em7    D/F#                    G2              Asus
You gladly bore it all and on the cross You nailed it there

I am changed by Your blood
         C2              G/B         Asus
What once entangled, the cross it has undone
